Experience

Junior Web Designer

Keshav Infotech : December 2023 - March 2024

Collaborated with cross-functional teams including product managers and developers to create user-friendly interfaces for web applications, and developers to create user-friendly interfaces for web applications.

Projects

GraphiQue

HTML, CSS, JavaScript - 2024

A GRAPHIQUE creates visual solutions to communicate messages effectively. They design logos, websites, and marketing materials using creative tools and techniques. Their expertise lies in combining art and technology to produce eye-catching designs that resonate with target audiences. From branding to digital illustrations, they bring ideas to life with skill and precision.

DynamiQue

HTML, CSS, JavaScript - 2024

DynamiQue, Freelance Product Designer based in The Rajkot, We transitioned to full-time freelancing in 2024, delivering innovative design solutions. Developers, skilled in coding languages, translate these designs into functional websites, ensuring seamless navigation and optimal performance across devices.
